Place Value: 2 Digit

A game for two players.

Aim: To be the first player to place three counters, next to each other, in a row, column or diagonal.

Materials Required: 36 transparent counters, 18 of one colour and 18 of another colour.

- Players take turns to flick the spinner and place a counter on a corresponding spot on the board.
- Play continues until one player has placed three counters, next to each other, in a row, column or diagonal.

Variations

- Allow a 'bump off' rule
- For a longer game play 'four in a row.'
